Modern Slavery Policy

Fusion and Machinery Surveyors Australia (FAMSA) is committed to conducting business with ethically, environmentally, and socially responsible suppliers and recognises our responsibility to eliminate modern slavery practices within both our supply chains and operations. FAMSA values social justice and equal opportunity, and seeks to create a safe, supportive, and inclusive working and learning environment.

The Australian Government's Modern Slavery Act 2018 (Cth) (the Act) came into effect on 1 January 2019. The Act aims to combat modern slavery by holding large businesses and other organisations publicly accountable for their actions to address modern slavery in their global supply chains.

FAMSA recognises that there are modern slavery risks across the goods, services and works that we purchase and are committed to identifying and addressing these. FAMSA acknowledges that modern slavery can occur in every industry and sector and has severe consequences, and that is why we are committed to taking steps to identifying, assessing and addressing modern slavery risks.
